Getting Involved...

You can help us focus our planning effort on things that matter to you and your community. Your comments will assist us in identifying the best alternatives for the long-term management of the Kanuti National Wildlife Refuge.

1. How often do you visit Kanuti Refuge?
2. What do you value most about the Kanuti Refuge?
3. Have there been changes, positive or negative, on the refuge that affect you? Please describe.
4. What do you consider to be the most important problem or issue, if any, facing the Kanuti Refuge?
5. Are there specific areas within the Kanuti Refuge that, in your opinion, need special or additional management? If so, please list them here, and explain why you think they are important.
6. What are some issues or concerns regarding fish, wildlife, habitat, and public use that are important to you? Please provide specific examples or locations to help us better understand the issue.
